

From the Ground 1

COVID-19 RESPONSE: "WE CAN-WE WILL"

As on April 20, 2020: Hooghly District

Highlights from the Ground:

We all are extremely thankful to the daily waste collectors who work every day to clean our society. Since 2014, BITAN is working with 102 women Paribesh Bandhu (Waste Collector) of Chandrahati 1, Chandrahati 2, Magra 1 & Magra 2 Gram Panchayet under Chinsurah Magra Block of Hooghly District who belong to extremely poor economic background. In this present situation, they are facing trouble to arrange food & nutrition for them as well as their family members. Through this Crowd Funding initiative, we have provided them Ration like Rice, Dal, Mustard Oil, Salt, Turmeric Powder, Puffed Rice, Soyabean & some Vegetables. Beside these, we gave them masks & soaps and they practiced the steps of hand washing with us which is extremely important for being fit & healthy in the present situation
