## COVID-19 RESPONSE: "WE CAN-WE WILL"

As on April 30, 2020: Jalpaiguri District

### Highlights from the Ground:

Today we came to know about the fight of a family of Jalpaiguri District where three children were deaf and dumb. The owner of house works as an assistant in a fast food centre. His wife is a home maker. The elderly parents live with them. In this present scenario of lock down, their family income has stopped and the whole family is now in deep trouble. We are extremely happy to get a chance to help them with ration and sanitation kits.
