## COVID-19 RESPONSE: “WE CAN-WE WILL”

As on April 30, 2020: Jalpaiguri District

### Highlights from the Ground:

We always believe that adolescent girls are one of the best change makers of our society. Everyone knows the importance of proper hand washing with soap or hand sanitizer as it can save us from Corona Virus. Today we have given soaps and masks to 40 adolescent girls of Jalpaiguri District and showed them the proper steps of hand washing with beliefs that they will spread the habit of hand washing in their friends and family members.
