

From the Ground 13

COVID-19 RESPONSE: “WE CAN- WE WILL”

As on May 2, 2020: Jaalpaiguri District

Highlights from the Ground:

Lock down has increased again. We know that in this present scenario, lock down is absolutely necessary but it is also true that condition of many people are now getting worse as they have lost their source of income. Today we met with a family of 6 members of Karji Para Area under Patkata Gram Panchayat of Jalpaiguri District where children are in need of nutritious food. One child is extremely malnourished. We are extremely happy to provide them necessary family rations, nutritious food and essential sanitary kits which will help them for few days.
