

From the Ground 15

COVID-19 RESPONSE: “WE CAN- WE WILL”

As on May 3, 2020: Jalpaiguri District

Highlights from the Ground:

There are so many warriors present in our society who are fighting the battle of survival for years. We admit the necessity of lock down but it is also true that many families are facing extreme trouble to continue their fight to save their family members. Today we met with Mr. Hore's family of Kharia gram-panchayat under Puratan panda para of Jalpaiguri District. The 4 members of the family including a 7 years old boy of almost 100 percent physical disabilities are completely dependent on Mr. Hore who works as a daily wage labour. They have one more child of 3 years of age. Mr Hore's health condition is not great either as two major operations were done in his body in recent years. We are extremely happy to provide them necessary family rations, nutritious food and essential sanitary kits which will help them for some days.
