

# From the Ground 2

## COVID-19 RESPONSE: "WE CAN-WE WILL"

As on April 21, 2020: Jalpaiguri District

### HYGIENE INITIATIVES

Making Face Masks  
Preparing Sanitizer

### Highlights from the Ground:

Adolescent girls are one of the change makers of the society and it is very important for them to wear masks and practice hand washing steps so that their friends and family members will also learn from them. Keeping this in mind, we have distributed our handmade masks, hand sanitizer and Soap among 150 adolescent girls of Jalpaiguri District and oriented them on handwashing.
